EXPERIENCE

Fox Optimization, Reno NV — QA Intern

DECEMBER 2018 - DECEMBER 2019

Writing code to test the functionality of Fox Optimization's scheduling application. Bug finding, UX enhancing, and functionality verification.

Scraps Dog Company, Sparks NV — Sales Associate

JUNE 2014 - AUGUST 2018

Providing knowledgeable service to caring animal owners, carrying out transactions, and website management for the company.

EDUCATION

School Name, Location — B.S. in Math & Computer Science

AUGUST 2018 - PRESENT

I am currently a senior pursuing my Bachelors in both Mathematics and Computer Science.

PROJECTS

Hackathons — Competitive Coding

Hackathons are a great test of one's collaboration and coding abilities, as a category winner of the 2018 ACM Hackathon, I am no stranger to the hard work required to complete a project in a tight deadline.

GitHub Campus Expert — Empowering Peers

As a Computer Science student with industry experience, it was undeniable that the university's curriculum does not produce job ready developers. With the GitHub provided training and funding behind me I have embarked to solve this problem through modern workshops and courses for motivated students to bridge this gap in knowledge.

App Development — Portfolio Building

Any free time I manage to find between work, school, and club ultimate frisbee, is spent learning new frameworks and creating the projects featured on my website, such as React a citation generator.

HARD SKILLS

HTML5, CSS3, and JavaScript

SQL and NOSQL Databases

Django and Apollo Server Backends

GraphQL and REST API's

Adobe Suite and MS Office

React and React Native

Graphic Design, UI, UX

SOFT SKILLS

Communication

Organization

Accountability

Adaptability

Problem Solving

Work Ethic

SUMMARY

I am a highly motivated individual with a love for learning and problem solving. I have experience in a multitude of programming languages and constantly challenge myself to grow and learn. Both physically and academically, I've never been known to back down from a challenge. I love meeting and working with equally motivated individuals.
